f. APPROVED SCHOOL MISSION (Regents, NYCDOE, and Buffalo BOE authorized schools only)

MISSION STATEMENT

The mission of Northside Charter High School (NCHS) is to provide a nurturing, yet rigorous 9-12 educational environment that endorses high expectations, fosters life-long learning and results in mastery of the New York State Learning Standards, high school graduation and acceptance to colleges and universities of choice by all students.

g. KEY DESIGN ELEMENTS (Regents, NYCDOE, and Buffalo BOE authorized schools only)

KEY DESIGN ELEMENTS (<u>Brief</u> heading followed by a description of each Key Design Elements (KDE). KDEs are those general aspects of the school that are innovative or unique to the school's mission and goals, are core to the school's overall design, and are critical to its success. The design elements may include a specific content area focus; unique student populations to be served; specific educational programs or pedagogical approaches; unique calendar, schedule, or configurations of students and staff; and/or innovative organizational structures and systems.

Variable 1	1. Performance-Driven Accountability NCHS defines clear standards for student learning and educational strategies for all students to use in meeting them. All resources, policies, and practices are aligned in order to carry out these strategies while tracking results for reflection and improvement. The entire school is responsible and accountable for student performance.
Variable 2	2. Exhibition of Longitudinal Knowledge All students at NCHS are provided an opportunity to demonstrate the knowledge they have accumulated over the course of their time at NCHS.
Variable 3	3. Participation in the Youth Development Framework All students at NCHS participate in an ongoing, interrelated process patterned after the Advisory Group Model for meeting personal needs and developing and using competencies including:Individualized Student Support Plan (ISSP)Advisory System and Class Highly Personalized Environment Teacher Advisory Mentors The Advisory Group Model supports the five basic competencies that define the range of behaviors and skills needed for adult success: health, physical, personal/social,cognitive/creative, vocational, and citizenship. Advisors are intimately aware of each advisee's home and personal situation.
Variable 4	4. Performance equal to or exceeding NYS Mandated Requirements for Graduation All students will meet or exceed mandated graduation requirements including: NYS Regents (""Commencement

	Level"") Exams in English, Algebra, Global and U.S. History, and Biology, for all 9-12 grade students. Teachers develop and administer standards-based examinations to test the extent to which students have mastered learning objectives in the classroom. Students develop personal achievement targets, which exceed performance standards adopted by the Board of Regents for other public schools.
Variable 5	5. Participation in Ongoing Evaluation and Analysis Processes NCHS involves all members of the school community including parents, students, staff and administration to ensure that the school's educational goals are being met. Participation in NYCDOE School Survey provides data to address instructional, parent-partnership, and school culture elements.
Variable 6	6. Instruction and Other Activities of a Highly Qualified Teaching Staff NCHS seeks to support teachers with continuous and rigorous professional development. The nature of the professional development is guided by a plan based on relevant measures of student performance.

Entry 4 Expenditures per Child

Created: 08/01/2019 • Last updated: 10/29/2019

NORTHSIDE CHARTER HIGH SCHOOLSection Heading

Financial Information

This information is required of ALL charter schools. Provide the following measures of fiscal performance of the charter school in Appendix B (Total Expenditures and Administrative Expenditures Per Child):

1. Total Expenditures Per Child

To calculate **'Total Expenditures per Child'** take <u>total expenditures</u> (from the unaudited 2018-19 Schedule of Functional Expenses) and <u>divide by</u> the year end FTE student enrollment. (Integers Only. No dollar signs or commas).

Note: The information on the Schedule of Functional Expenses on pages 41-43 of the Audit Guide can help schools locate the amounts to use in the two per pupil calculations: Audit Guide available within the portal or on the NYSED website at: http://www.p12.nysed.gov/psc/regentsoversightplan/otherdocuments/auditquide2018.pdf.

Line 1: Total Expenditures	7031208
Line 2: Year End FTE student enrollment	381
Line 3: Divide Line 1 by Line 2	18434

2. Administrative Expenditures per Child

To calculate 'Administrative Expenditures per Child' To calculate "Administrative Expenditures per Child" first add together the following:

- 1. Take the <u>relevant portion</u> from the 'personnel services cost' <u>row</u> and the 'management and general' <u>column</u> (from the unaudited 2018-19 Schedule of Functional Expenses)
- 2. Any contracted administrative/management fee paid to other organizations or corporations
- 3. Take the total from above and <u>divide</u> it by the year-end FTE enrollment. The relevant portion that must be included in this calculation is defined as follows:

Administrative Expenditures: Administration and management of the charter school includes the activities and personnel of the offices of the chief school officer, the finance or business offices, school operations personnel, data management and reporting, human resources, technology, etc. It also includes those administrative and management services provided by other organizations or corporations on behalf of the charter school for which the charter school pays a fee or other compensation. Do not include the FTE of personnel whose role is to directly support the instructional program.

Notes:

The information on the Schedule of Functional Expenses on pages 41-43 of the Audit Guide can help schools locate the amounts to use in the two per pupil calculations: http://www.p12.nysed.gov/psc/AuditGuide.html.

Employee benefit costs or expenditures should not be reported in the above calculations.

Line 1: Relevant Personnel Services Cost (Row)	472035
Line 2: Management and General Cost (Column)	348431
Line 3: Sum of Line 1 and Line 2	820465
Line 5: Divide Line 3 by the Year End FTE student enrollment	2151

Thank you.

Independent Auditors' Report

Board of Trustees Northside Charter High School

Report on the Financial Statements

We have audited the accompanying financial statements of Northside Charter High School (the "School"), which comprise the statements of financial position as of June 30, 2019 and 2018, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Board of Trustees Northside Charter High School Page 2

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Northside Charter High School as of June 30, 2019 and 2018, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Change in Accounting Principle

As discussed in Note 2 to the financial statements, during the year ended June 30, 2019, Northside Charter High School adopted new accounting guidance resulting in a change in the manner in which it presents net assets and reports certain aspects of its financial statements. Our opinion is not modified with respect to this matter.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 8, 2019, on our consideration of the School's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School's internal control over financial reporting and compliance.

1. Organization and Tax Status

Northside Charter High School (the "School") is a New York State, not-for-profit educational corporation that was incorporated on January 13, 2009 to operate a charter school pursuant to Article 56 of the Education Law of the State of New York. The School was granted a provisional charter on January 13, 2009, valid for a term of five years and renewable upon expiration by the Board of Regents of the University of the State of New York. The Board of Regents approved and issued several renewals to the School's charter expiring on June 30, 2022. The School's mission is to provide a nine through twelve grade educational program that results in mastery of the New York State Learning Standards, high school graduation, and acceptance to colleges and universities of choice by all students. In addition, the School develops and maintains a school culture that endorses high expectations that challenge each student to recognize and achieve his/her full potential within a school environment that is nurturing, professional and that fosters within each student an appreciation for life-long learning. The School provided education to approximately 381 students in ninth through twelfth grades during the 2018-2019 academic year.

The School shares space with a New York City public school beginning in August 2009. The School occupies approximately 20,880 square feet on one floor of a public school building. The School also shares the gymnasium, auditorium and cafeteria with the public school which approximate 20,520 square feet. The School is not responsible for rent, utilities, custodial services, maintenance and school safety services other than security related to the School's programs that take place outside the district's school day. The School was unable to determine a value for the contributed space and related services and did not record any value for use of donated facilities or services.

The New York City Department of Education provides free lunches and transportation directly to some of the School's students. Such costs are not included in these financial statements. The School covers a portion of the cost of lunches for children not entitled to the free lunches.

Except for taxes that may be due for unrelated business income, the School is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code and from state and local income taxes under comparable laws.

2. Summary of Significant Accounting Policies

Basis of Presentation and Use of Estimates

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), which requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

Notes to Financial Statements June 30, 2019 and 2018

2. Summary of Significant Accounting Policies (continued)

Change in Accounting Principle

On July 1, 2018, the School adopted new guidance regarding the Presentation of Financial Statements for Not-for Profit Entities. This guidance requires the School to collapse the three-category (unrestricted, temporarily restricted, and permanently restricted) classification of net assets into two categories: with donor restrictions and without donor restrictions. In addition, the new guidance requires the School to make certain expanded disclosures relating to (1) the liquidity of financial assets, and (2) expenses both by their natural and functional classification in one location in the financial statements. As a result of implementing this standard, prior year amounts for unrestricted net assets were reclassified to net assets without donor restrictions.

Net Asset Presentation

Resources for various purposes are classified for accounting and reporting purposes into net asset categories established according to nature and purpose as follows:

Net assets without donor restrictions - consist of resources available for the general support of the School's operations. Net assets without donor restrictions may be used at the discretion of the School's management and Board of Trustees.

Net assets with Donor Restrictions – represents amounts restricted by donors for specific activities of the School or to be used at a future date. The School records contributions as net assets with donor restrictions if they are received with donor stipulations that limit their use either through purpose or time restrictions. When a donor restriction expires, that is, when a time restriction ends or a purpose restriction is fulfilled, net assets with donor restrictions are classified to net assets without donor restrictions and reported in the statements of activities as net assets released from restrictions. The School had no net assets with donor restrictions as of June 30, 2019 and 2018.

Cash and Cash Equivalents

Cash and cash equivalents include cash balances held in bank accounts and highly liquid debt instruments with maturities of three months or less at the time of purchase.

Restricted Cash

Under the provisions of its charter, the School established an escrow account to pay for legal and audit expenses that would be associated with a dissolution, should it occur.

Notes to Financial Statements June 30, 2019 and 2018

2. Summary of Significant Accounting Policies (continued)

Property and Equipment

The School follows the practice of capitalizing all expenditures for property and equipment with costs in excess of \$1,000 and a useful life in excess of one year. Leasehold improvements are amortized over the shorter of the term of the lease, inclusive of all renewal periods, which are reasonably assured, or the estimated useful life of the asset which is five years. Purchased property and equipment are recorded at cost at the date of acquisition. Minor costs of maintenance and repairs are expensed as incurred. All property and equipment purchased with government funding is capitalized, unless the government agency retains legal title to such assets, in which case it is expensed as incurred.

Depreciation and amortization is recognized on the straight-line method over the estimated useful lives of such assets as follows:

Computers and equipment 5 years
Furniture and fixtures 5 years
Software 5 years
Website 5 years

Property and equipment are reviewed for impairment if the use of the asset significantly changes or another indicator of possible impairment is identified. If the carrying amount for the asset is not recoverable, the asset is written down to its fair value. There were no asset impairments for the years ended June 30, 2019 and 2018.

Refundable Advances

The School records certain government operating revenue as refundable advances until related services are performed, at which time they are recognized as revenue.

Revenue and Support

Revenue from the state and local governments resulting from the School's charter status and based on the number of students enrolled is recorded when services are performed in accordance with the charter agreement. Federal and other state and local funds are recorded when expenditures are incurred and billable to the government agency.

Contributions are recognized when the donor makes a promise to give to the School that is, in substance, unconditional. Grants and other contributions of cash are reported as temporarily restricted support if they are received with donor stipulations. Restricted contributions and grants that are made to support the School's current year activities are recorded as unrestricted revenue. Contributions of assets other than cash are recorded at their estimated fair value at the date of donation.

Notes to Financial Statements June 30, 2019 and 2018

2. Summary of Significant Accounting Policies (continued)

In-Kind Donation

Donated goods are recorded at their estimated fair value when received. For the year ended June 30, 2019, the School received a donation of laptops valued at \$35,000.

Functional Expense Allocation

The majority of expenses can generally be directly identified with the program or supporting service to which they relate and are charged accordingly. Other expenses by function have been allocated among program and supporting services classifications on the basis of periodic time and expense studies and other basis as determined by management of the School to be appropriate.

Accounting for Uncertainty in Income Taxes

The School recognizes the effect of income tax positions only if those positions are more likely than not to be sustained. Management has determined that the School had no uncertain tax positions that would require financial statement recognition or disclosure. The School is no longer subject to examinations by the applicable taxing jurisdictions for years prior to June 30, 2016.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is October 8, 2019

3. Grants and Contracts Receivable

Grants and contracts receivable consist of federal, state, and city entitlements and grants. The School expects to collect these receivables within one year.

4. Property and Equipment

Property and equipment consists of the following at June 30:

2019	2018
\$ 840,123	\$ 738,602
242,600	170,771
41,115	31,011
34,068	25,375
30,999	27,999
1,188,905	993,758
(768,153)	(626,131)
\$ 420,752	\$ 367,627
	\$ 840,123 242,600 41,115 34,068 30,999 1,188,905 (768,153)

Notes to Financial Statements June 30, 2019 and 2018

5. Liquidity and Availability

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use within one year of the statement of financial position date, are comprised of the following at June 30:

Financial Assets, at Year End

Cash and cash equivalents \$ 5,943,963

Grants and contracts receivable \$ 147,542

\$ 6,091,505

As part of the School's liquidity management plan, the status of grants and contracts receivable is monitored regularly and any excess cash is invested in highly liquid securities.

6. Employee Benefit Plan

The School maintains a pension plan qualified under Internal Revenue Code 403(b), for the benefit of its eligible employees. Under the plan, the School provided matching contributions up to 7%. Employer match for the years ended June 30, 2019 and 2018 amounted to \$273,237 and \$251,708.

7. Concentration of Credit Risk

Financial instruments that potentially subject the School to concentrations of credit and market risk consist principally of cash and cash equivalents on deposit with financial institutions, which from time to time may exceed the Federal Deposit Insurance Corporation ("FDIC") limit. The School does not believe that a significant risk of loss due to the failure of a financial institution presently exists. As of June 30, 2019 and 2018, approximately \$5,518,000 and \$5,520,000 of cash was maintained with institutions in excess of FDIC limits.

8. Concentration of Revenue and Support

The School receives a substantial portion of its revenue and support from the New York City Department of Education. For the years ended June 30, 2019 and 2018, the School received approximately 95% of its total revenue and support from the New York City Department of Education. If the charter school laws were modified, reducing or eliminating these revenues, the School's finances could be materially adversely affected.

Notes to Financial Statements June 30, 2019 and 2018

9. Contingency

Certain grants and contracts may be subject to audit by the funding sources. Such audits might result in disallowances of costs submitted for reimbursement. Management is of the opinion that such cost disallowances, if any, will not have a material effect on the accompanying financial statements. Accordingly, no amounts have been provided in the accompanying financial statements for such potential claims.

Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With Government Auditing Standards

Independent Auditors' Report

Board of Trustees Northside Charter High School

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Northside Charter High School (the "School"), which comprise the statement of financial position as of June 30, 2019, and the related statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated October 8, 2019.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the School's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control. Accordingly, we do not express an opinion on the effectiveness of the School's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Board of Trustees Northside Charter High SchoolPage 2

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the School's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Northside Charter High School 424 Leonard Street, 4th Fl. Brooklyn, NY 11221

October 8, 2019

PKF O'Connor Davies LLP 500 Mamaroneck Ave, Suite 301 Harrison, NY 10528

This representation letter is provided in connection with your audits of the financial statements of Northside Charter High School(the "School"), which comprise the statements of financial position as of June 30, 2019 and 2018, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements, for the purpose of expressing an opinion as to whether the financial statements are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement. An omission or misstatement that is monetarily small in amount could be considered material as a result of qualitative factors.

Expenditures of federal awards were below the \$750,000 threshold in the years ended June 30, 2019 and 2018, and we were not required to have an audit in accordance with *Title 2 U.S. Code of Federal Regulations ("CFR") Part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards ("Uniform Guidance"), Audits of States, Local Governments and Non-Profit Organizations and Government Auditing Standards.*

We confirm, to the best of our knowledge and belief, having made such inquiries as we considered necessary for the purpose of appropriately informing ourselves as of the date of this letter, the following representations made to you during your audits:

Our Responsibilities

- We acknowledge that we have fulfilled our responsibilities for:
 - The preparation and fair presentation of the financial statements in accordance with US GAAP;
 - The design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error; and
 - o The design, implementation, and maintenance of internal control to prevent and detect fraud.

• We understand that the term "fraud" refers to intentional acts by one or more individuals among management, those charged with governance, employees, or third parties, involving the use of deception that results in a misstatement in financial statements. Two types of intentional misstatements are relevant to your audit – misstatements resulting from fraudulent financial reporting and misstatements resulting from misappropriation of assets. Fraudulent financial reporting involves intentional misstatements, including omissions of amounts or disclosures in financial statements to deceive financial statement users. Misappropriation of assets involves the theft of an entity's assets.

Financial Statements

- The financial statements referred to above are fairly presented in conformity with US GAAP and include all disclosures necessary for such fair presentation. In that connection, we specifically confirm that:
 - o The School's accounting policies, and the practices and methods followed in applying them, are appropriate and are as disclosed in the financial statements.
 - Except as disclosed in the financial statements, there have been no changes during the period audited in the School's accounting policies and practices.
 - All material transactions have been recorded in the accounting records and are reflected in the financial statements
- Significant assumptions we used in making accounting estimates, including those measured at fair value, are reasonable.
- The following, where they exist, have been appropriately disclosed to you and accounted for and/or disclosed in the financial statements in accordance with the requirements of US GAAP:
 - o The identity of all related parties and related party relationships and transactions.
 - Material concentrations. We understand that concentrations refer to volumes of business, revenues, available sources of supply, or markets or geographic areas for which it is reasonably possible that events could occur which would significantly disrupt normal finances within the next year.
 - o Guarantees, whether written or oral, under which the School is contingently liable, including guarantee contracts and indemnification agreements.
 - The effects of all known actual, possible, pending or threatened litigation, claims, and assessments.
- The School does not have any uncertain tax positions that require disclosure or recognition in the financial statements.
- We have evaluated events subsequent to the date of the financial statements through the date of this letter, and no such events have occurred which would require adjustment or disclosure in the financial statements.

Information Provided

- We have provided you with:
 - o Access to all information, of which we are aware, that is relevant to the preparation and fair presentation of the financial statements, such as records, documentation, and other matters.
 - Access to all minutes of the meetings of directors or summaries of actions of recent meetings for which minutes were not yet prepared.
 - Communications from regulatory agencies concerning noncompliance with or deficiencies in, financial reporting practices.

- Additional information that you have requested from us for the purpose of the audit. Unrestricted access to persons within the School from whom you determined it necessary to
- We have disclosed to you our assessment of the risk that the financial statements may be materially
- There are no deficiencies in the design or operation of internal control over financial reporting that are reasonably likely to adversely affect the School's ability to initiate, authorize, record, process, and report financial data reliably in accordance with US GAAP.
- We have no knowledge of any fraud or suspected fraud that affects the School and involves:

Employees who have significant roles in internal control, or

- Others where the fraud could have a material effect on the financial statements.
- We have no knowledge of any allegations of fraud or suspected fraud affecting the School's financial statements communicated by employees, former employees, regulators, or others.
- We are responsible for compliance with the laws, regulations, and provisions of contracts and grant agreements applicable to us; and we have identified and disclosed to you all laws, regulations and provisions of contracts and grant agreements that we believe have a direct and material effect on the determination of financial statement amounts or other financial data significant to the audit objectives.
- We have no knowledge of any instances of noncompliance or suspected noncompliance with laws and regulations whose effects should be considered when preparing financial statements.
- The School has satisfactory title to all owned assets, and there are no liens or encumbrances on such assets nor has any asset been pledged as collateral.
- The School is an exempt School under Section (501)(c)(3) of the Internal Revenue Code. Any activities of which we are aware that would jeopardize the School's tax-exempt status, and all activities subject to tax on unrelated business income or excise or other tax, have been disclosed to you. All required filings with tax authorities are up-to-date.
- We have a reasonable basis for the allocation of functional expenses.

With respect to contributions:

Adequate controls are in place over the receipt and recording of contributions.

There were no unrecorded contributions or pledges at June 30, 2019 and 2018 that could materially affect the financial statements. In addition, we are unaware of any assets for which the School may be the beneficiary as prescribed by probated wills or held in trusts by independer trustees at June 30, 2019 and 2018 which should be recorded in the financial statements.

How to Balance your Account

Begin by adjusting your account register as follows:

- Subtract any services charges shown on this statement.
- Subtract any automatic payments, transfers or other electronic withdrawals not previously recorded.
- · Add any interest earned if you have an interest-bearing account.
- Add any automatic deposit or overdraft line of credit.

മ

- Review all withdrawals shown on this statement and check them off in your account register.
- Follow instructions 2-5 to verify your ending account balance.

- 1. Your ending balance shown on this statement is:
- 2. List below the amount of deposits or credit transfers which do not appear on this statement. Total the deposits and enter on Line 2.
- 3. Subtotal by adding lines 1 and 2.
- 4. List below the total amount of withdrawals that do not appear on this statement. Total the withdrawals and enter on Line 4.
- 5. Subtract Line 4 from 3. This adjusted balance should equal your account balance.

FOR CONSUMER ACCOUNTS ONLY — IN CASE OF ERRORS OR QUESTIONS ABOUT YOUR ELECTRONIC FUNDS TRANSFERS:

If you need information about an electronic fund transfer or if you believe there is an error on your bank statement or receipt relating to an electronic fund transfer, telephone the bank immediately at the phone number listed on the front of your

TD Bank, N.A., Deposit Operations Dept, P.O. Box 1377, Lewiston, Maine 04243-1377

We must hear from you no later than sixty (60) calendar days after we sent you the first statement upon which the error or problem first appeared. When contacting the Bank, please explain as clearly as you can why you believe there is an error or why more information is needed. Please include:

- Your name and account number.

 A description of the error or transaction you are unsure about.
- The dollar amount and date of the suspected error

When making a verbal inquiry, the Bank may ask that you send us your complaint in writing within ten (10) business days after the first telephone call.

We will investigate your complaint and will correct any error promptly. If we take more than ten (10) business days to do this, we will credit your account for the amount you think is in error, so that you have the use of the money during the time it takes to complete our investigation.

Total interest credited by the Bank to you this year will be reported by the Bank to the Internal Revenue Service and State tax authorities. The amount to be reported will be reported separately to you by the Bank

FOR CONSUMER LOAN ACCOUNTS ONLY — BILLING RIGHTS

In case of Errors or Questions About Your Bill:

If you think your bill is wrong, or if you need more information about a transaction on your bill, write us at P.O. Box 1377, Lewiston, Maine 04243-1377 as soon as possible. We must hear from you no later than sixty (60) days after we sent you the FIRST bill on which the error or problem appeared. You can telephone us, but doing so will not preserve your rights. In your letter, give us the following information:

- Your name and account number.
- The dollar amount of the suspected error.

 Describe the error and explain, if you can, why you believe there is an error. If you need more information, describe the item you are unsure about.

You do not have to pay any amount in question while we are investigating, but you are still obligated to pay the parts of your bill that are not in question. While we investigate your question, we cannot report you as delinquent or take any action to collect the amount you question.

FINANCE CHARGES: Although the Bank uses the Daily Balance method to calculate the finance charge on your Moneyline/Overdraft Protection account (the term "ODP" or "OD" refers to Overdraft Protection), the Bank discloses the Average Daily Balance on the periodic statement as an easier method for you to calculate the finance charge. The finance charge begins to accrue on the date advances and other debits are posted to your account and will continue until the balance has been paid in full. To compute the finance charge, multiply the Average Daily Balance times the Days in Period times the Daily Periodic Rate (as listed in the Account Summary section on the front of the statement). The Average Daily Balance is calculated by adding the balance for each day of the billing cycle, then dividing the total balance by the number of Days in the Billing Cycle. The daily balance is the balance for the day after advances have been added and payments or credits have been subtracted plus or minus any other adjustments that might have occurred that day. There is no grace period during which no finance charge accrues. Finance charge adjustments are included in your total finance charge

Instructions for Reporting Enrollment and Retention Strategies

Describe the efforts the charter school has made in 2018-19 toward meeting targets to attract and retain enrollment of students with disabilities, English language learners/Multilingual learners, and students who are economically disadvantaged. In addition, describe the school's plans for meeting or making progress toward meeting its enrollment and retention targets in 2019-20.

Recruitment/Attraction Efforts Toward Meeting Targets

	Describe Recruitment Efforts in 2018-19	Describe Recruitment Plans in 2019-20
Econom ically Disadva ntaged	To recruit Economically Disadvantaged Students, NCHS focuses on outreach in high need neighborhoods throughout the Community School District and other areas that connect directly on public transportation lines. In addition to placing advertisements in bus shelters throughout the school's target neighborhoods, Northside's Recruitment Coordinator attends school fairs at both public and non-public schools to recruit student candidates for each grade on a year-round basis. The recruitment strategy entails mapping out locations of all junior high schools in the community ("feeder schools") as well as other districts. All the materials presented at the school visits stress Northside's policy of conducting a blind lottery and special programs to create an inclusive environment, encouraging Economically Disadvantaged students to apply.	In 2018-19, the percentage of economically disadvantaged students at NCHS was 76.6% and our district was 71.3% based on data from the NYCDOE Demographic Snapshot. Going forward, we are working with Disrict middle schools to recruit students that reflect the district make-up, and developing a partnership with Community LinkED to perform more outreach to vulnerable communities.
English Langua ge Learner	To ensure that we are making a substantial effort to recruit and enroll English Language Learners, Northside is committed to canvassing neighborhoods with high concentrations on non-English speaking families, starting with communities in our district. Our Student & Family Counselor is bi-lingual and will assist in recrutiment events to welcome multi-lingual applicants.
Student s with Disabilit ies	Our efforts to recruit Students with Disabilities are tied to our overall recruitment efforts and those for Economically Disadvantaged students in the sense that we utilize all outreach efforts as opportunities to share the many supports we have in place to ensure the success of special needs students. The recruitment team is knowledgeable about the school's special education and RTI programs and can speak to interested families about the comprehensive range of services provided as well as the inclusive environment.	In 2018-19, the percentage of SWD at NCHS was 18.8%, compared to 20.4% in our district. The school will continue utilizing current practices.

Retention Efforts Toward Meeting Targets

	Describe Retention Efforts in 2018-19	Describe Retention Plans in 2019-20
Econom ically Disadva ntaged	As the vast majority of NCHS students are Economically Disadvantaged, the entire school program is focused on closing the achievement gap between students from really low-income families and their more affluent peers. Northside ensures that no student is denied access to learning opportunities and special initiatives such as college visits because of an inability to cover the cost.	Our retention rate for ED students was 86% between 2017-18 and 2018-19. NCHS is working with each family when we hear they are considering leaving to see what can be done to keep their student enrolled. Chronically absent students follow an intervention path to secure their attendance.
English Langua ge Learner s/Multili ngual Learner s	NCHS provides support to all ELL students so that they can make sound academic progress. NCHS offers standalone English as a Second Language (ESL) classes, a fulltime ESL teacher, and a fulltime speech pathologist. Our ESL teacher teaches two ESL courses: one course for beginning English language learners and one for English students with more advanced English Language proficiency. Aside from these stand-alone classes, the ESL teacher also pushes into general education classes to support ELL students. NCHS administers the NYSESLAT at the end of each school year. language development of our ELL students. Finally, all ELL students receive a weekly academic report that is shared with the ESL teacher. This document is a report of student progress across all of his/her courses.

NCHS is committed to serving the needs of Special Education Students. Our Special Education Coordinator works with the New York City Special Education Collaborative to receive support in our efforts to serve Special Education students at NCHS, bringing in specialists to review our program at least once per year and also ensuring teacher participation in SPED Collaborative professional development offerings.

To serve our Special Education students, NCHS practices a Collaborative Team Teaching (CTT) model. CTT is in place for all core subject areas at NCHS, when the student's IEP calls for it. In addition to inclusive general education settings, NCHS also provides Special Education Teacher Support Services (SETTS), and speech pathology for students in need of those resources. All testing accommodations are overseen by our guidance department and SPED coordinator. NCHS has eight full time Special Education teachers, with each serving as a case manager for an average of 12 students. As case managers, our SPED teachers monitor the progress of students with IEPs and communicate with families of those students. SPED teachers also collaborate extensively with the general education teachers at NCHS to ensure uninterrupted, quality services are provided to students with IEPs.

NCHS's Data Director generates weekly academic reports for all students. Students with IEPs receive a weekly academic report that also reflects their IEP goals. This report provides a running record of student progress and is used as a tool to discuss academic progress with students and their parents/guardians.

Our retention rate for SWD was 88% between 2017-18 and 2018-19. NCHS is working with each family when we hear they are considering leaving to see what can be done to keep their student enrolled. Chronically absent students follow an intervention path to secure their attendance. Our Special Education Director works with each family during the year to ensure needs are being met.

Entry 11 Classroom Teacher and Administrator Attrition

Created: 08/01/2019 • Last updated: 09/09/2019

Report changes in teacher and administrator staffing.

Instructions for completing the Classroom Teacher and Administrator Attrition Tables

Charter schools must complete the tables titled 2018-2019 Classroom Teacher and Administrator Attrition to report changes in teacher and administrator staffing during the 2018-2019 school year. Please provide the full time equivalent (FTE) of staff on June 30, 2018; the FTE for any departed staff from July 1, 2018 through June 30, 2019; the FTE for added staff from July 1, 2018 through June 30, 2019; and the FTE of staff added in newly created positions from July 1, 2018 through June 30, 2019 using the tables provided.

1. Classroom Teacher Attrition Table

3. Tell your school's story

Charter schools may provide additional information in this section of the Annual Report about their respective teacher and administrator attrition rates as some teacher or administrator departures do not reflect advancement or movement within the charter school networks. Schools may provide additional detail to reflect a teacher's advancement up the ladder to a leadership position within the network or an administrator's movement to lead a new network charter school.

The school experienced an unusually high number of departing teachers in 2017-18 due to some poor staffing decisions and temporary replacement situations. Updates have been made to the staff and process we use for hiring. As a result, attrition has dropped from 66.7% in 2017-18 to 35.3% in the 2018-19 school year due to increased efforts toward retention including: competitive salaries, increased medical benefits, increased 403b contribution and matches, and a new on-boarding program that matches new staff with veterans as mentors. We will continue to seek increased retention through employee feedback, coaching, and surveys to improve our practices.

4. Charter schools must ensure that all prospective employees receive clearance through the NYSED Office of School Personnel Review and Accountability (OSPRA) prior to employment. After an employee has been cleared, schools are required to maintain proof of such clearance in the file of each employee. For the safety of all students, charter schools must take immediate steps to terminate the employment of individuals who have been denied clearance. Once the employees have been terminated, the school must terminate the request for clearance in the TEACH system.

Have all employees have been cleared through the NYSED TEACH system?

Yes

5. For perspective or current employees whose clearance has been denied, have you terminated their employment and removed them from the TEACH system?

	Not Applicable
