

Good evening Northside Students and Caregivers,

Monday, November 15th Northside will launch our 6 week pilot Club program.

Seats in our after school clubs are very limited.

Seats will be made available to students on a first to sign up receives the seat basis.

Our club program will run for 1 - 2 hours depending on the club (see more information below on the digital brochure).

Northside Clubs are only available to fully vaccinated students who must provide proof of vaccination prior to the first club meeting.

Please thoroughly read through the attached brochure for more information.

Use the links to the appropriate form to sign up for clubs.

Due to the fact that this is a pilot program, not all students are guaranteed a spot in a club. You (student and caregiver) will be notified of your club sign up status by Monday afternoon (for 9th and 10th grade) and by Wednesday morning (for 11th and 12th grades).

Club sign up forms will be closed as soon as our clubs reach capacity.

Please email Ms. Herrera for more information yherrera@northsidechs.org

			Crochet Club Mr. Smith All grades	

Art Club -

Taught by Ms. Sheckels

I'll admit that this club is WILDLY experimental- I'm kind of winging it as I go, and I hope to cover as many areas as I possibly can, for a broad and eclectic experience. The loose plan is to cover Visual Arts (painting/ drawing/ sculpture/ mixed media/ design/ color theory) the first half, and Fashion (all parts of the design process, style basics, color palettes, fabrics, day-job-industry basics, etc.) for the second half. If any of you plan to seriously study these subjects specifically in college and for a future career, then please call out to me because we will cover portfolio creation and management to get you up and running! If all goes well, maybe eventually I can have two separate clubs, and do deeper and more concentrated dives on each subject.

Band Club -

Taught by Mr. Charles

This club is for you if you love music and want to learn to play and sing together with other people of the same mindset and talent! We will learn to play piano, some percussion and singers will have choir time! I am looking forward to making music with you all! (If you play another instrument that is not listed here, please bring it!)

Chess Club -

Taught by Mr. Sullivan

The Chess Club is a friendly environment where students can come to learn, play, and discuss the game of Chess. Most importantly, it is a space to have fun!

Crochet Club

Taught by Mr. Smith

Come learn how to crochet or knit at the beginner or intermediate level. You can learn all sorts of projects from hats and scarves, blankets, cases and so much more!

Dance Club -

Taught by Ms. K's Dance

Dynamic choice of dance, which explores all genres of Dance. Emphasis has now been put on the Genre of Hip-Hop & Majorette where students explore different rhythms, precise synchronization, balance, flexibility & so much more. This is all done to the latest Hip-Hop music as well as familiar HBCU cadences.

**Acting Club -**

Taught by Ms. White

Do you have a flare for the dramatics? Join Ms. White for two hours of laughter, crying, singing, dancing and more all in the name of drama. Students should prepare for improvisation and movement in this class. It's sure to be a blast!

Newspaper/Literary Magazine Club -

Taught by Ms. Salisbury and Mr. Smith

Join Ms. Salisbury and Mr. Smith on a journey to create a school paper!

Video Game Club -

Taught by Mr. Byrd and Mr. Manuel

At the Video Game Club, you will have a chance to play the latest video games on the popular gaming systems available (Playstation 4 & Nintendo Switch). Each week we will hold tournaments in different video games to see who will have bragging rights over their fellow club members. So come with your "A" game, because it may get intense. I hope you're ready to have lots of fun!!!!
